UTILITIES BOARD

IN RE: TELIGENT, INC.	DOCKET NO. TCU-99-19 (TCU-97-43)
------------------------------	-------------------------------------

ORDER ACKNOWLEDGING NAME CHANGE

(Issued July 14, 1999)

On March 12, 1998, the Utilities Board (Board) granted the application for certificate of public convenience and necessity filed by Teligent, Inc. (Teligent), in Docket No. TCU-97-43. In the order granting the application, the Board stated that upon approval of tariffs and maps, the Board would issue a certificate to Teligent. As of this date, Teligent has not filed tariffs or maps for the Board's approval and, therefore, a certificate has not been issued to Teligent.

On June 16, 1999, Teligent and Teligent Services, Inc. (TSI), jointly filed to notify the Board of the assignment of the operations of the telecommunications services company to TSI, a wholly-owned subsidiary of Teligent. The letter notifying the Board was assigned Docket No. TCU-99-19. The parties stated they wished to have the name Teligent changed to TSI. According to the parties, TSI is in all respects the same substantive entity as Teligent and will have the same operators, directors, management, operation, and quality of service the Board approved when the entity was named Teligent.

The Board has reviewed the letter notifying the Board of the change of name from Teligent to TSI. When TSI files tariffs and maps and the Board approves the tariffs and maps, the Board will issue a certificate to TSI based upon the application granted to Teligent, Inc., in Docket No. TCU-97-43.

IT IS THEREFORE ORDERED:

Upon approval of tariffs and maps, the Utilities Board will issue a certificate of public convenience and necessity to Teligent Services, Inc. based upon the application granted to Teligent, Inc., in Docket No. TCU-97-43.
